

Is Coming to Monroe September 9<sup>th</sup> through 11<sup>th</sup>!

Opportunity Knocks!

Turcotte has been working with players of all ages and skill levels to develop their stickhandling skills for over 40 years. Don't miss out on an opportunity to develop your stickhandling skills and elevate your game.

What's your move?

Thru the years Turcotte has developed ways to teach our 24 moves and make sure that the muscle memory become natural at game speed. The process starts with our 8 basic moves and then you will be ready to attack our 16 advanced moves. When you come to our Hockey schools you will be able to find your moves and get the confidence to use them in a game situation.

Will you be next?

Turcotte Hockey has been a part of the story of many great Hockey players such as Martin St Louis, Patrick Kane and many others. Will you be next? Come and find out if Turcotte will be a part of your story.
